SHORT TERM (LESS THAN A MONTH) DSL INTERNET SERVICES

For coaches and 5th wheelers that only stay one, two, or three weeks, Wydebeam offers internet service connected to your unit via the telephone jack at the pedestal. Modems are rented for \$15 per visit and the internet charge is \$10 per seven day period. Billing is done with a credit card and the modem must be returned to the Viewpoint rental office before you leave. If the modem is not returned, your credit card will be charged \$70.23 for sale price and tax for the modem. Service can be installed in one day, if you call before 2pm Sunday through Thursday. No installations can be done on the weekend, but we do take calls on the weekend for Monday scheduling.

If you are here for less than a week, please sign up for the wi-fi service available on a daily basis, from the Tengo company.
